2009 — Issue # 6

PUBLISHER'S CORNER TOM GOETZINGER

July marks the beginning of the new fiscal Year of the Crescent Society. At the annual picnic in May, new officers were elected and have begun serving. Only one change was made with Pat Goetzinger replacing Doris Blazy as secretary.

We would like to thank Doris for her service as secretary during the past two years. She was extremely thorough and timely in reporting on the minutes of meetings and the handling of correspondence for the Society. Job well done, Doris.

As we enter the new year, please note that as of this publication, 55 members from the prior year have not yet renewed their membership. Please see page 3 of this newsletter for how to rectify this situation.

As a reminder, the Crescent Society directory of present and former members is always available and up to date on our web site for current members of the society. However, we will not publish a hard copy this year.

For changes to active membership and status of members please see the Membership director's report on page 2 of this newsletter. You may want to clip this from the newsletter and keep with your copy of the directory sent to you this past year.

Monthly changes will, of course, continue to be reported in the 10 issues of the newsletter published each year.

TOM KAMP

George Eifler reported that Tom Kamp has undergone some health issues, but is recovering nicely. Most of you will remember Tom as one of the key executives of Control Data Corporation and friend to all here in Oklahoma.

Tom collapsed in church on June 21, 2009 and was diagnosed with stroke/seizure. He was hospitalized and is apparently recovering nicely, having been recently moved to a rehab center.

Following is a note George received from Tom's wife Janette reporting on Tom's status as of July 13:

"We are arranging to move Tom to another place - Friendship Village. It is a little closer to our home and also has a few more special facilities. He is doing quite well and

eating better. He walks well but tires quickly. He will have to stay in rehab for awhile yet until he gets stronger. Of course, he wants to come home!! He probably will be moved to-morrow. I am usually there most of the day and have my cell phone 612-716-4130. It probably would be best to call about 4 o'clock our time which would be 3 o'clock your time. He may have a phone in his room at the new place, and I will let you know what it is after we get there. Thanks so much for thinking of him! Janette"

(Note: Tom Kamp turned 84 on July 22)

Medieval History: (final installment)

During the past 6 months we published numerous anecdotes regarding life in the Medieval Times. We thought the series was humorous and quite entertaining. Unfortunately, according to Snopes.com, each one of these stories is false. Even though we were aware of this fact, it seemed worth the time and effort to publish these anecdotes for purely entertainment value.

As Paul Harvey would have so eloquently stated....."now you know the rest of the story."

I CAN'T RECALL

One recent morning there was something I couldn't remember. I sort of knew what it was related to, but I couldn't quite bring it to mind. It seemed like the letter *m* was involved. Then, suddenly, it came to me. That was in the morning. Then, later that afternoon, even though I was able to recall my experience that morning of not being able to remember something, I could no longer remember what the thing was, what it was related to, or what letter of the alphabet had been involved. But what's strange to me is that that morning—the first time I couldn't remember it, the thing did eventually come back to me. Later that afternoon, however, in spite of my earlier success, I drew a complete blank. I still don't know what it was, and the nice thing is that a month from now I will have no memory of the incident whatsoever. Unless, or course, something reminds me of it.

..... George Carlin

Editor's note: Yes, we do recall printing this exact same George Carlin saying in the last newsletter. However, there is something many of you can't recall. You can't recall where you put the membership renewal form! In fact 55 of you apparently can't locate the form. If you are one of the 55, simply look below and you will see the membership renewal form printed again. Simply cut it out, fill it out, make out your check and mail per the instructions. Do it today. Thank you!

Perhaps the **m** Carlin can't bring to mind stands for **Membership Renewal Form**.
